Re: Invitation to the 39th Philippine Chemistry Congress

Dear

The Philippine Association of Chemistry Teachers Inc. (PACT), in partnership with the Philippine Federation of Chemistry Societies (PFCS), is delighted to invite you to the **39th Philippine Chemistry Congress (39PCC)** from **July 2 to 4, 2025**, at the **Iloilo Convention Center (ICON), Mandurriao, Iloilo City**. The theme, ***“Beyond the Orbitals: Exploring the Multi-Realms in Chemistry,”*** promises an inspiring journey into the intersections of quantum science and chemistry. The Congress will bring together esteemed chemistry practitioners, scientists, and researchers from the industry, academe, and government agencies to discuss and highlight the scientific contributions of quantum science and technology to chemistry. We will focus on how these advancements drive research, foster innovation, and promote sustainable development.

This year, the 39PCC will also include a Pre-Conference Seminar-Workshop on “Mass spectrometry for multicomponent chemical profiling of functional foods” to be held on July 1, 2025, from 8:00 am - 4:00 pm, at the KNIF₂E, University of San Agustin, Iloilo City. This seminar is limited to 30 slots only and has a fee of P1,000.00. The fee includes snacks, lunch, and workshop materials.

Our technical exhibitors will also showcase new products and equipment to improve your performance and productivity.

These and more await you at the 39PCC!

See you there!

Sincerely yours,

VOLTAIRE G. ORGANO, PhD, RCh
Chair, National Organizing Committee
39th Philippine Chemistry Congress
